

Slimline 1000 Guest Bed

The Slimline 1000 is a versatile guest bed divan available in 75cm or 90cm widths. It features a main bed paired with an underbed of matching dimensions (75 x 190cm or 90 x 190cm), both equipped with a slimline, two-sided pocket sprung mattress. The underbed can be easily raised and secured with the Lift & Fix leg system.

The slimline pocket spring design allows for generous upholstery layers while maintaining a compact 17cm mattress depth. The mattress features a soft knit cover with hand-tufted panels, and the borders are flute-stitched with durable flag stitch handles for easy turning and rotating.

The full-length guest bed divan is fully padded and available in any of our huge choice of co-ordinating base fabrics.
